

Health & Safety Product Sheet

Snow & Foam Fluid Concentrate

1 – IDENTIFICATION OF SUBSTANCE / PREPARATION & COMPANY

1.1 Identification of substance :

Name of the product : SNOW FLUID or FOAM FLUID

Synonyms : SNOW FLUID RTU

SNOW FLUID CC

FOAM FLUID CC

Using : Fluid used for creating artificial snow and foam which are used in application such as shows or professional entertainments.

2 – COMPOSITION / COMPONENTS INFORMATION

2.1 Components or impurities : none

2.2 Chemical nomenclature : hydro carbonated surfactants, water and glycol.

3 – DANGERS IDENTIFICATIONS

3.1 Avoid eye's contact.

4 – FIRST AID MEASURES

4.1 Skin contact : Rinse the skin with water.

4.2 Eye contact : Irrigate thoroughly with water ten minutes at least.

4.3 Ingestion : Drink water and call a doctor if necessary

5 – FIRE FIGHTING MEASURES

5.1 Extinction ways : None

5.2 Fire or explosion dangers : None

5.3 Appropriated measures against fire : None

5.4 Other recommendations

6 – ACCIDENTAL RELEASE MEASURES

6.1 Do not spread any product outside to protect the environment..

7 – HANDLING & STORAGE

7.1 Keep the products closed in their container only.

7.2 Storing temperatures : from 0°C to +50°C.

8 – EXPOSURE CONTROLS & PERSONAL PROTECTION

8.1 Individual preventing measures : Warning advices – avoid eye's contact.

8.2 Special preventing measures : None.

9 – PHYSICAL & CHEMICAL PROPERTIES

9.1 Texture : Liquid to 20°C

9.2 Temperatures : Boiling starting point 95°C. Solidification : 0°C.

9.3 Water solubility : Completely miscible

9.4 pH : 7

9.5 Vapour pressure

9.5 Volumetric capacity : 1000 to 20°C

9.7 Flashing point : > 100° C

9.8 Self ignition temperature : None

9.7 Other data : Viscosity to 20°C : 8mPa.s

10 – STABILITY AND REACTIVITY

10.1 Packaging : plastic containers.

10.2 Dangerous reactions : None

10.3 Dangerous decomposition product : None

11 – TOXICOLOGICAL INFORMATION

11.1 toxicological information : Mouse DL50 > 2000mg / kg

12 – ECOLOGICAL INFORMATION

12.1 DCO 740mg/g :

12.2 DBO5 : 200mg/g:

13 – ELIMINATION CONSIDERATION: NONE

14 – TRANSPORT INFORMATION AND CONDITIONS: RDMD RID/ADR IMDG OAC, Seafreight airfreight, Danger codes do not apply.
