

M-AHM-64-A

M-AHM-64-A is a processing expansion module for AHM-64. It provides multiple channels of AEC (Acoustic Echo Cancelling) for conferencing applications.

① Please refer to the AHM System Manager Help for how to set up and operate the module.

Installation

- Use a Torx T8 screwdriver to remove the 4x screws on the processing expansion slot cover.
- Remove the cover and carefully insert the M-AHM-64A module into the guides and mating connector, pressing firmly.

- Replace the cover and secure in place using the 4x screws.
