| SECTION 4: First aid measures                    |                                                                                                                                                             |
|--------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 4.1. Description of first aid measures           |                                                                                                                                                             |
| First-aid measures after inhalation              | : Remove person to fresh air and keep comfortable for breathing.                                                                                            |
| First-aid measures after skin contact            | : Wash skin with plenty of water.                                                                                                                           |
| First-aid measures after eye contact             | : Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Call a physician immediately.        |
| First-aid measures after ingestion               | : Call a poison center or a doctor if you feel unwell.                                                                                                      |
| 4.2. Most important symptoms and effe            | cts, both acute and delayed                                                                                                                                 |
| Symptoms/effects after skin contact              | : Causes mild skin irritation.                                                                                                                              |
| Symptoms/effects after eye contact               | : Serious damage to eyes.                                                                                                                                   |
| 4.3. Indication of any immediate medica          | al attention and special treatment needed                                                                                                                   |
| Treat symptomatically.                           |                                                                                                                                                             |

## 8.2. Exposure controls

## Appropriate engineering controls:

Ensure good ventilation of the work station.

Hand protection:

Protective gloves

Eye protection:

Safety glasses

## Safety Data Sheet

according to Regulation (EU) 2015/830

#### Skin and body protection:

Wear suitable protective clothing

### **Respiratory protection:**

In case of insufficient ventilation, wear suitable respiratory equipment.

## Environmental exposure controls:

Avoid release to the environment.

## SECTION 9: Physical and chemical properties

| 9.1. Information on basic physical and o   | chemical properties |
|--------------------------------------------|---------------------|
| Physical state                             | : Liquid            |
| Colour                                     | : No data available |
| Odour                                      | : No data available |
| Odour threshold                            | : No data available |
| рН                                         | : 7.0-8.0           |
| Relative evaporation rate (butylacetate=1) | : No data available |
| Melting point                              | : Not applicable    |
| Freezing point                             | : No data available |
| Boiling point                              | : No data available |
| Flash/Fire point                           | : 96/96             |
| Auto-ignition temperature                  | : No data available |
| Decomposition temperature                  | : No data available |
| Flammability (solid, gas)                  | : Not applicable    |
| Vapour pressure                            | : No data available |
| Relative vapour density at 20 °C           | : No data available |
| Relative density                           | : No data available |
| Solubility                                 | : No data available |
| Log Pow                                    | : No data available |
| Viscosity, kinematic                       | : No data available |
| Viscosity, dynamic                         | : No data available |
| Explosive properties                       | : No data available |
| Oxidising properties                       | : No data available |
| Explosive limits                           | : No data available |

## 9.2. Other information

No additional information available

| SECTION 10: Stability and reactivity                                                                 |
|------------------------------------------------------------------------------------------------------|
| 10.1. Reactivity                                                                                     |
| The product is non-reactive under normal conditions of use, storage and transport.                   |
| 10.2. Chemical stability                                                                             |
| Stable under normal conditions.                                                                      |
| 10.3. Possibility of hazardous reactions                                                             |
| No dangerous reactions known under normal conditions of use.                                         |
| 10.4. Conditions to avoid                                                                            |
| None under recommended storage and handling conditions (see section 7).                              |
| 10.5. Incompatible materials                                                                         |
| No information available.                                                                            |
| 10.6. Hazardous decomposition products                                                               |
| Under normal conditions of storage and use, hazardous decomposition products should not be produced. |
|                                                                                                      |
| SECTION 11: Toxicological information                                                                |
| 11.1. Information on toxicological effects                                                           |
| Acute toxicity (oral) : Not classified                                                               |
| Acute toxicity (dermal) : Not classified                                                             |
| Acute toxicity (inhalation) : Not classified                                                         |
