FOG MACHINE

EAN: 8717748567673

The stackable Antari F-6 Fazer is a truly versatile professional fazer designed for larger venues. The state-of-the-art air pump system mixes fog and air to produce a fine, dry fog with minimal fluid consumption. At maximum output, the F-6 Fazer uses 12 ml of fluid per minute. The warm-up time is exceptionally short: approximately 1 minute. The TFT-LCD touchscreen makes it incredibly easy to manually control and adjust the settings of the machine. Other control options include timer, DMX/RDM, W-DMX (optional) and wireless via the Antari WTR-110 Wireless Remote and W-2 Wireless Transmitter (both optional). The new durable honeycomb flight case provides excellent water resistance and protection.

Special features:

- Professional design for larger venues
- Fast warm-up time (1 minute)
- 12 ml/min
- Touchscreen control
- Built into a road-proof flight case
