Showtec Beam Shaper for Lumina Beam

20°

EAN: 8717748620187

The Showtec Beam Shaper for the Lumina Beam shapes the light output to a fixed 20° angle. Installation is quick and secure: the beam shaper is attached using two built-in screws, ensuring a stable fit during use. Made from durable metal and finished in black, it blends seamlessly with the Lumina for a professional, cohesive look.

Special features:

- Designed for Lumina Beam fixture
- 20° beam shaper
- Quick installation with built-in screws
