**Showtec Gobo Holder with Soft
Edge for Performer Profile**

Gobo Holder with Soft Edge

EAN: 8717748387721

The Showtec Gobo Holder with Soft Edge for Performer Profile is a metal gobo holder with a frost filter at the edge, suitable for all Performer Profile fixtures, including the IP 3200 K and IP Q4. The frost filter enables you to have a diffusion of your gobo light output.

Special features:

- Soft Edge gobo holder with frost filter
- Suitable for Performer Profile fixtures
- Strong metal housing
