Showtec Zoom Lens for Performer Profile

*Manually controllable zoom lens -
15° - 30°*

EAN: 8717748358783

The Showtec Zoom Lens for the Performer Profile 15° - 30° is a manually controllable 15° - 30° zoom lens for scaling and focusing the output, suitable for the Performer Profile 600 LED MKIII, 600 DDT and 650 Q5. Its 4 manually adjustable shapers enable you to shape the output and you can easily put a filter frame into the filter frame slot situated in front of the lens. The Zoom Lens for Performer Profile 15° - 30° has a strong aluminium construction and is designed to survive the rigors of frequent touring.

Special features:

- Manually controllable 15° - 30° zoom lens
- Suitable for Performer Profile fixtures
- Four Manually adjustable shapers
- Filter Frame slot
- Strong aluminium construction
