Showtec Lens for Performer Profile

19° lens

EAN: 8717748358806

The Showtec Lens for Performer Profile 19° is a glass lens with aluminium body focusing the light to a 19° fixed beam angle, suitable for the Performer Profile 600 LED MKIII, 600 DDT and 650 Q5. Its strong construction is designed to survive the rigors of frequent touring. You can easily colour or diffuse the output of your Performer Profile by putting a filter frame into the filter frame slot in front of the lens.

Special features:

- Fixed 19° glass lens for Performer Profile fixtures
- Suitable for the 600 LED MKII, 600 DDT and 650 Q5
- Filter Frame slot
- Strong aluminium body
