**Showtec Zoom Lens for Performer  
Profile Mini 19° - 36°**

*Manually controllable zoom lens*

EAN: 8717748387691

The Showtec Zoom Lens for Performer Profile Mini 19° - 36° is a manually controllable 19° - 36° zoom lens for scaling and focusing the output of the Performer Profile Mini. Its four manual adjustable shapers enable you to shape the output and you can easily colour or diffuse the output of the Performer Profile Mini by placing a filter frame in to the filter frame slot situated in front of the lens. The Zoom Lens for Performer Profile Mini 19° - 36° has a strong aluminium construction and is designed to survive the rigors of frequent touring.

**Special features:**

- Manually controllable zoom lens
- Suitable for the Performer Profile Mini
- Four manually adjustable shapers
- Filter Frame slot
- Strong aluminium body
