

4-Channel Dimmer Pack

EAN: 8717748524461

The TED Pack is a 2000 W leading and trailing edge 4-channel dimmer for indoor use with dim, switch and FX modes. The output is independent of the connected load and can be used with LEDs and incandescent lights up to 2 A per channel. Its channels can be linked or controlled individually. The TED Pack uses MOSFETs to dim the output and can be switched between leading edge and trailing edge dimming. The Special FX mode offers a safety channel that prevents unintentional activation which can be helpful for controlling shooters, canons, drops, et cetera. The unit can be controlled manually and via DMX. The included Quicklock bracket clicks on easily from the back or the top.

Special features:

- Leading and trailing edge dimming
- 4 dimmer curves for conventional and LED lights
- Special Effects mode with safety channel
- Quick-Lock bracket attachable to top and backside

Specifications:

Control and Programming

Control Mode	DMX / Local Control / Manual
Protocols	DMX / RDM
DMX Channels	1 / 2 / 3 / 4 / 5

Electrical Specifications and Connections

Power Supply	220-240 V AC 50 Hz
Power Consumption	4 W
Output Current per Channel	2 A
Power Connector In	Power Pro Blue
Power Connector Out	Power Pro Grey / Schuko Socket, Type F
DMX Connector In	XLR 3P / XLR 5P
DMX Connector Out	XLR 3P / XLR 5P

Mechanical Specifications

Length (mm)	240 mm
Width (mm)	230 mm
Height (mm)	92 mm
Weight	2.7 kg
IP Rating	IP20 (indoor use only)
Housing	Metal
Colour	Black
