Experience

XPRESSION

# XPRESSION SERIES

# XCEPTIONAL LIGHTING

The Showtec **XPRESSION** series is a trio of high-performance LED moving heads, purpose-built to work in perfect harmony. Whether you're lighting up a club, energising a live event, or enhancing a touring production, the **XPRESSION** 2000S Spot, 2000B Beam, and 2000W WashBeam offer seamless integration and exceptional versatility.

Designed with a futuristic aesthetic and a unified system architecture, all three fixtures share identical housings and control protocols. This ensures seamless colour mixing and matching across the series, synchronised effects, and a cohesive visual experience. From razor-sharp beams to soft washes and textured projections, the **XPRESSION** series gives lighting designers the tools they need to deliver immersive, professional-grade shows with ease.

## GENERAL HIGHLIGHTS

- Unified design across all models for consistent appearance
- Matching optics for sharp projections, vivid beams and rich washes
- Seamless colour matching and uniform effects
- Flexible control modes including DMX/RDM, automatic, manual, and standalone
- Custom programming for your own unique, stand-alone shows
- Convenient display with important control information
- GDTF fixture files for professional integration
- Lightweight design for easy handling with ergonomic grips

# XPRESSION 2000S

Dual rotating prisms with overlay (12-facet circular + 10-facet linear)

6 bi rotational gobos + open

7 dichroic colours + open

Frost filter and motorised focus

Adjustable PWM (1,200 – 15,000 Hz)

The **XPRESSION** 2000S - Spot is engineered for precision and creativity. With a powerful 4488-lumen output and a 17° beam angle, it delivers crisp projections and layered effects. Its dual rotating prisms and rich gobo selection make it ideal for creating complex visuals, while motorised focus and a frost filter add flexibility for softer transitions.

Whether you're crafting sharp patterns or soft effects, the **XPRESSION** 2000S - Spot offers smooth 16-bit pan/tilt movement and adjustable PWM for flicker-free camera work. With custom preset storage and a clear LCD interface, it's ready for the job.

## SPOT

Light Src. Type: LED  
Light Src. Quant. : 1  
Light Src. Pwr.: 200 W  
Refresh Rate: 1200 Hz  
Refresh Rate (Max.): 15 kHz  
Luminous Flux (Total): 4488 lm  
CRI: 76  
Beam Angle (Spot): 17°  
Frost: Yes  
Focus: Motorised  
Ctrl. Mode: Auto / Built-in Program / DMX / Manual / Master Slave / RDM / Stand Alone

DMX Channels: 14 / 18  
Protocols: DMX / RDM  
Display: LCD  
Dimmer: 0-100 %  
Shutter: Yes  
Prism 1: 12-facet Circular  
Prism 2: 10-facet Linear  
Colour System: Colour Wheel  
Dichroic CW 1: 7 + Open  
Gobo System: Metal  
Gobo Wheel  
Index & Rotate: Yes  
Gobo Wheel 1: 6 + Open  
Pan: 540°  
Tilt: 270°  
Pwr. Supp.: 100-240 V AC 50/60 Hz  
Pwr. Cons.: 221 W  
Power Conn. In.: Power Pro Blue  
Power Conn Out.: Power Pro Grey  
DMX Conn.: XLR 3P In/Out  
Dimensions (mm): 196 (L) x 310 (W) x 425 (H)

Weight: 10.6 kg  
IP Rate: IP20 (indoor use only)  
Housing: Metal / Plastic

# XPRESSION 2000B

Dual circular prisms (8- and 48-facet) with overlay

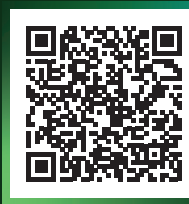

240 and 360 Tilt mode with endless rotation

11 gobos, 2 beam reducers + open

14 dichroic colours + open

Motorised focus, and frost filter

The **XPRESSION** 2000B - Beam is designed for high-impact aerial effects. With a razor-sharp 2° beam and a 12.5 cm front lens, it delivers striking visuals at 2392 lumens. Its dual circular prisms (8- and 48-facet) and 14-colour wheel create vibrant moonflower and multi-colour effects.

Infinite tilt and motorised focus allow for dramatic sweeps and fly-in effects, while the frost filter softens beams for atmospheric looks. Like its counterparts, the **XPRESSION** 2000B - Beam supports multiple control modes and standalone operation with custom presets.

## BEAM

Light Src. Type: LED  
Light Src. Quant. : 1  
Light Src. Pwr.: 150 W  
Refresh Rate: 1200 Hz

Weight: 11.5 kg  
IP Rate: IP20 (indoor use only)  
Housing: Metal / Plastic

# XPRESSION 2000W

**Motorised zoom (3.8°–35°)**

**240 and 360 Tilt mode with  
endless rotation**

**Seven 40-watt RGBW LEDs**

**16-bit pan and infinite tilt**

**Adjustable PWM (1,200–  
15,000 Hz)**

## WASHBEAM

Light Src. Type: LED  
Light Src. Quant.: 7  
Light Src. Pwr.: 40 W  
Refresh Rate: 1200 Hz  
Refresh Rate (Max.): 15 kHz  
Luminous Flux (Total): 3166 lm  
CRI: 70  
Beam Angle Min.  
(Circular): 3.8°  
Beam Angle Max.  
(Circular): 35°  
Zoom Type: Motorised  
Ctrl. Mode: Auto / Built-in Program  
/ DMX / Manual / Master  
Slave / RDM / Stand  
Alone

DMX Channels: 13 / 21  
Protocols: DMX / RDM  
Display: LCD  
Dimmer: 0-100 %  
Pan: 540°  
Tilt: 360°  
Continuous  
Movement: Yes  
Pwr. Supp.: 100-240 V AC 50/60 Hz  
Pwr. Cons.: 282 W  
Power Conn. In.: Power Pro Blue  
Power Conn. Out.: Power Pro Grey  
DMX Conn.: XLR 3P In/Out  
Dimensions (mm): 205 (L) x 310 (W) x  
409 (H)

Weight: 9.8 kg  
IP Rate: IP20 (indoor use only)  
Housing: Metal / Plastic

The **XPRESSION** 2000W - WashBeam combines seven 40-watt RGBW LEDs and a motorised zoom from 3.8° to 35° to deliver both tight beams and wide washes at 3166 lumens. Its rich colour mixing and smooth transitions make it ideal for stage lighting, ambient effects, and accent work.

Featuring 16-bit pan and infinite tilt, the **XPRESSION** 2000W - WashBeam offers fluid movement and creative positioning. It shares the same control options and mounting flexibility as the rest of the **XPRESSION** family.

# FLIGHT CASE

CNC-machined foam interiors

9 mm plywood construction

Accessory compartment

**4 swivel wheels (2 with  
brakes)**

**Stacking dishes**

Protect your investment and streamline your set-up with a dedicated flight case for the **XPRESSION** series. Designed for durability and ease of transport, this case ensures your fixtures arrive safely and ready to perform. It can hold four pieces of any of the **XPRESSION** series moving heads and has a compartment for accessories such as cables and clamps.
