creative textile solutions

EAN: 8717748569844

The Wentex P&D Trolley Cover is a polyester cover for the Pipe & Drape Transport Trolley. It is water-resistant, keeps your Pipe and Drape products dust-free and protects the trolley and its contents from scratches. Zips at each corner allow easy access to the trolley from all sides. Hook and loop strips allow the sides to be rolled up and held in place for easy loading and unloading of the trolley. Short hook and loop strips are incorporated for attaching the cover to the trolley. A translucent sleeve allows for easy labelling.

### Special features:

- Easy access from all sides
- Convenient hook and loop strips
- Labelling sleeve
- Compatible with Pipe & Drape systems
